Forecast for Saturday 22 Jan 2022

Weather: Clear spells before dawn with a touch of frost in places. Then some sunny spells today, mainly this morning as the general trend will be increasing cloud amounts. This afternoon the best of any bright or sunny intervals will be mainly across the south and east of the Brecon Beacons. Feeling cold on the tops. Generally cloudy this evening.

Chance of cloud free mountain/hill tops above 600m: 70% at first then gradually decreasing 20% by dusk, with the best chance of afternoon cloud breaks for southern and eastern areas.

Visibility: Mainly very poor with areas of low cloud and fog above 600m, especially across western areas. Below the low cloud, and where cloud breaks occur, good or very good visibility.
